

Aquatec Maxcon will be exhibiting and presenting at Ozwater'13 to be held at the Perth Convention & Exhibition Centre on the 7th-9th May 2013. We hope you can join us at our Stand (Number 2A4) to discuss our new and innovative products.

Featured Products on Display:

- Nereda® Aerobic Granular Sludge;
- AquaBlade Membrane Diffuser;
- Trojan UV Disinfection; and
- Statiflo International's Gas Dispersion System and Channel Mixer.

Presentations:

- Operating Results from the First Full Scale Aerobic Granular Sludge 'Nereda' Plant – Epe WWTP – presented by Monita Naicker at Meeting Rooms 2 & 3 on Wednesday 8th May 2013, Presentation Time: 13.50-14:15.

Staff will be on hand to assist with any technical questions you may have regarding these technologies.

We hope to see you there!
